peace and Grand rising to The Sovereign original indigenous natural Divine heirs
0:06
today is 2025 on the ancient Civic calendar that we all that we started we
0:14
started writing things civically not civil but Civic uh it is February the 23rd on the
0:23
ancient Hebrew Israelite calendar uh no on the ancient uh moon calendar calendar
0:31
it's 2025 on the ancient Sun calendar it's 5785 on the ancient Hebrew
0:36
Israelite calendar 10,066 on the ancient euroba calendar
0:42
and it is millions and trillions and trillions and millions and millions and
0:48
trillions of years exponentially on the ancient moorish
0:53
calendar the Moors have always been here we will always be here there never was a time when we were not and the reason
1:00
that we state that we are moor Rich because some people think that saying moor Rich means we're not pure we are
1:06
all God and we are also man all of us we're not
1:15
mankind because we're not kind of a man we are all the species of man that is
1:25
man and that's why we say moor Rich because God is now living at Earth
1:32
Islam with that being stated all rise and stand and remain standing into
1:38
perpetuity and in alignment and accordance with the ancient noahide laws as stated by this holy Congress this is

3:55
poon so uh the first first thing that we will
4:01
to share with you
4:06
uh is again our national trade launch the national trade launch is
4:14
going to be on March the 20th the 21st and the
4:23
22nd and so we will
4:34
to and that's the 20th the 21st and the
4:42
22nd and for those who read ancient
4:52
English March the 20th 21st and 22nd however many of us have all
5:01
started getting products out there uh and and I'll say
5:07
this uh the products that we're putting out
5:16
there just get them out there moors get them out there because
5:23
um it doesn't have to be perfect but it does have to be
5:30
it does have to go out there so make sure that you you
5:35
know put it together according to what your spirit says and it will be
5:41
perfect Okay so we've already begun sending out
5:48
products and some of you have received them already uh according to the tracking information that is on the
5:57
record just one moment let uh
6:08
Hey and anyone else that is present here
6:13
who Wills to uh the meeting
6:21
is who who anyone here who Wills to receive products from us if you Place uh
6:30
if you'll inbox your your um your address and your Sovereign born
6:36
appellation to us uh we will get the products out to you and again we're
6:41
we're pulling from the trust so you don't have to send us any gold or silver or moor s dollarium for the products we

6:49
we'll send them with with your uh with your mailing location and your your Sovereign born Appalachian so if you'll
6:56
put that for those that are seeing this at you if you will if you will to put that
7:02
information in the comments you're free to do that we'll pull it from the comments and go ahead and send you out
7:09
uh some products all of our products are pulled from the land with the full support of
7:16
our government and they uh the trust that we
7:23
are using is um The Profit Noble ju Trust
7:30
as well as the United States Treasury as well as the people who are the mooroccan Empire so those three trusts together is
7:38
how we Finance all of the products and and things that go out so
7:45
[Music] um on the 20th 21st and 22nd anyone who
7:56
who is pulling from the land who Wills to to put products out
8:02
there um please feel free to set your products
8:08
up that day whether it be by YouTube video or electronically or fa however
8:14
you do it just just show that you have products available uh we're pro most
8:20
likely what we'll do is is set up here at at at the um at the uh the consulate
8:29
here and the government building here and then just sit out with our
8:36
computers and and and do things that way do our Commerce that way gold silver
8:42
moor Sovereign dollarium and any other uh ex natural exchange so it has to be
8:48
substance for substance whether it be energy or whether it be you know we we
8:53
are willing to we will to exchange that so with that being uh
9:01
stated this will be happening at all territories so um and then for those who
9:08
attended the merchant uh meeting the the the landlord meeting
9:14

this past Thursday uh we appreciate you so much for attending that uh meeting so
9:21
that we can go ahead because there are some other things that are
9:26
happening that are complete opportunities for us okay uh and we
9:32
won't go into those things we those things are are are specifically for our Thursday meetings for those who are
9:39
doing Merchant actions on land okay so with that being stated
9:48
um are there any questions comments wisdom about the merchant
9:55
meeting or about the 20 21st and
10:07
22nd any questions comments
10:12
wisdom I can tell you
10:18
that every time we send things out we see the falling away of all of that
10:26
funny mirror deadness we see it one of the things that we
10:33
saw this past week as we peered into where the
10:39
funny mirror goes away and where reality is here because what we're doing is
10:45
reality it's not uh the funny mirror is the fakeness we saw that we saw the
10:56
departure of a ship
11:02
sh that unbeknownst to us we did not know this but the
11:08
USS United States the USS United
11:14
States ship had been docked at Philadelphia's
11:20
territory for decades decades it is a symbol of
11:27
capitalism it's a symbol of capitalism and that symbol of
11:35
capitalism has been moved from
11:40
Philadelphia and can anyone uh think for a moment about where
11:47
it might be going and what might be happening with
11:55

it because it's a symbol of of of foreign capitalism
12:00
Islam Empress can you please unlock the meeting it's unlocked yes it's
12:06
unlocked it's bringing over a whole bunch of Land Rovers for you
12:11
Pa Islam Empress Islam nobility um when you the question you
12:17
originally started from you had locked it we couldn't unmute but what I'm saying is that um um what I'm saying for
12:25
those who does not have products but we have intellectual things like myself
12:30
being a retired professional athlete photographs I think you're going to be selling Fried Chicken Fried Chicken
12:37
you're goingna and fried chicken would that um
12:45
count oh yes oh yes absolutely yes okay now second question is that do we uh if
12:53
I'm going to send a photo to somebody that want to see me in action when I was playing college Pro College in Pro do we
13:01
sign in that that government name or in autographing that government name or you
13:08
autograph it in that's a beautiful question so so you would autograph it in
13:14
either blue or red and what you would do is autograph
13:19
it in the appellation the holy appellation that your mother gave you at
13:26
Birth see we've we've we've removed and ungrafted all of the fake paper out of
13:33
the way so we're not even that's that's because it wasn't talking about us so now the appellations that our holy
13:41
mothers gave us when they crowned us get you some popey see um is the is the is
13:48
the Holy Holy Name that that as a name we we put it as a name when we recreate
13:55
it as a name and then we use that for Commerce but but it's still a holy appellation at the higher level at the
14:03
lawful level it's still a holy appellation so yes you you would you you
14:09

can you can you would you would autograph that so whenever I'm doing
14:14
things uh out and about like this if I had if if I get some of my books out or
14:20
or whatever the case may be if I were to autograph them I would autograph them Pauline uh Pauline Denise Richie
14:29
and then I may put um I may put also also like to jury Bay I may put
14:38
that I mean it depends on who whoever it is that I'm signing for whatever they prefer as well because ultimately and
14:45
I'm so glad you said that ultimately what we're doing is we're giving
14:50
them the name so that they have it for their
14:56
records and that's why we we were doing it by by our own Sovereign Authority so that we're not giving our names to
15:03
frauds to be misusing so we can give them either one
15:09
whichever you prefer uh if you prefer your your your free chosen appellation
15:16
you can do that too but it's but it's better where Commerce is concerned to use the Sovereign born name The
15:23
Sovereign born appellation that you that you create as a name that you create as a name
15:29
and that's what the fiduciary document says is that no matter how we use it it's ours it doesn't belong to anybody
15:42
else yes indeed see what we did not know in the
15:50
previous era is that every time we went to any business I don't care what the business is and they handed a form to
15:58
fill out to to get information even if it was they say oh we just need your email address so that we can send you
16:05
some coupons they were actually attempting to steal identities with that
16:12
because then what they did was they would take the email address and the in
16:18
the and the um the number that's associated with that computer and sell it and bundle it
16:26
and put it on the stock market and all of that oh and they would say and

16:33
they would say this is how many customers we have
16:39
they would then change start changeing labels the people and start calling you customers and clients and consumers and
16:46
all of that stuff and or sales this is how many sales we had this is how many you know the this number of emails is
16:53
the number of sales that we made that week you know and so on and so forth so
16:58
that's the Fiat system so we don't we we we we don't even acknowledge that we just do what we're doing and we freely
17:06
give our Sovereign you know our name nobody buy your Sal
17:12
so we freely give our name you
17:18
guys we freely give it out to the moors for you to add it to your records and if you
17:24
will to send something and pull from our trust feel free to do so we're doing the same thing on this end um that way we
17:31
don't have to we don't have to have any any uh funds going back and forth
17:36
because we have access to the treasury so we just pull from the treasury and that's just for
17:42
now at any time that that that we will to send dollarium or gold and silver or or
17:49
sea salt or coffee grinds or whatever you grow or whatever you make or whatever
17:55
you SE or or whatever information because because knowledge is power whatever
18:02
information you have then do so now Justice Travis let me say this about
18:08
about what you mentioned about uh justice Travis If for for for those who
18:14
who may not be familiar with him he he played in the in the National Football League well not the NFL but the National
18:21
Football League because that's really what it was supposed to be it those words were supposed to be spelled out it
18:27
wasn't supposed to be shortened and changed into the Niger into into the
18:32

Football League okay it wasn't supposed to be that but that's what they changed it to
18:39
the Football League okay so with
18:44
that right you're finally so with that
18:51
being um jce Travis
18:57
with with what you're doing all you have to do is take complete control of your
19:04
name image and likeness because I know you know about the name image and likeness movement in
19:12
the National Football League uh many of our brothers uh many of whom have
19:18
declared their nationality are taking complete control over their names images
19:25
and likenesses with the fiduciary document and then they are the ones who are directly receiving their own gold
19:33
silver moorish and dollarium or any works or services that anyone else has to
19:39
offer they're receiving that in exchange for autographed photos and images of
19:45
themselves you know so you have you're you have a a a
19:51
whole wealth of wealth to failure
19:59
a a whole wealth of you just just super wealthy because you because we all have
20:05
access to our own name image and likeness and
20:11
they love us so much the praise
20:19
and honor the praise and that because see they're they're incompetent so that's the only way they know how to
20:24
honor why isn't Travis yes
20:30
Islam um I would just like to remind everyone who's putting information in
20:36
the chat for our handcrafted items please ensure that your Sovereign born
20:43
appellation is in there so el bey if you could add your Sovereign born
20:52
appellation I would appreciate it and I'll I'll just keep adding it to the document and send it to you um

20:59
thank you so much Empress as well and and just so that everyone is aware all
21:05
of the merchants will have this information so that they can start sending things to you and pulling from
21:12
from the from the treasury Islam so I should just send all
21:21
the addresses to everyone who particularly was at the um National trade launch meeting only the ones at
21:28
the national trade launch meeting I will do that WR that's
21:35
it so they can begin sending things out to people Islam Navi one of the things
21:42
that I thought about when uh brother Tunis was talking about uh sending out his uh photos or or um his videos from
21:52
when he played in the National League was also being able to the older
22:00
that's there the older photos are information that's there this is going to be way moor
22:07
valuable uh say that again Empress it's going to be way moor valuable now that it's coming from him in his sovereign
22:14
state yes oh yes or even removing the you know even removing the other ones
22:22
and saying that okay now they're his property to bring back in to renationalize yes indeed see now instead
22:31
of it just being something for North America is something earthwide that they
22:37
will H they will to have because the actual Gods played in the National
22:43
Football League oh that's why I was think intellectual property yeah his intellectual property because I'm
22:49
thinking about the same thing with my information as well so it just got me thinking yes yes yes yes and here's the
22:59
thing oh Empress Navi I'm I'm just so grateful for
23:04
you listen we are all so wealthy that we can that that it's just it's just
23:10
amazing we're so wealthy it's just because when even when I think about the
23:15
job that I had quote unquote when I was uh when I was several of the Jobs quote

23:22
unquote that I had um in my sleep
23:29
and now everything being nationalized well for example I worked in Aerospace I
23:37
was an aerospace analyst in Cali at califia territory at uh and and the the
23:44
Aerospace company that I worked for at the time in my
23:50
sleep um all of that information that we were looking at and all of that
24:00
that information is proprietary now to us so we can take whatever we learned
24:07
whatever we do about and and put our holy appellation on it
24:15
and there it is it's ours it's our intellectual property y yeah and there's
24:23
so much even when you were talking about your you know grandmother being able to you know pull that in as you
24:30
know our property and it already is but you know
24:35
nationalizing and moving forward how much gold
24:41
silver how much gold silver and moors dollarium and Bank credits and
24:49
other services and you know if you if you will to have seat salt products and
24:54
all we can just exchange all of that among us all of
25:00
that all of that information I worked in Prosthetics at
25:07
the VA at the Veterans Administration that information I could
25:13
write a book about that and put the information out there I I was also uh even at the same
25:22
time did you create any manuals while you were there or any exactly
25:29
exactly exactly we wrote the processes and pro
25:36
exactly and and you know we we also uh we we are contract we were we were in
25:43
our sleep quote unquote licensed government contractors so we have all this stack of
25:49
certificates this High you know and all this in books and books of information and we kept the information we're just

25:55
going to restate the information the Contracting information I had several jobs where I just you know because my
26:03
consort was in the military and we were moving around so we would have to we would just keep going and keep doing
26:09
things and I know that it was because the ancestors knew that all of us
26:14
were're going to get to this point that we are right now where all of that information is is that's all of our
26:20
that's our information all of it anyone who has had a violation what
26:29
you and you might call it a violation but but here's the thing Mo and this this is the information that's that some
26:35
Moors don't really want to hear but but we have to hear it so that we can over so that we can over understand what
26:41
where the wealth comes from with these things anything that we were doing and
26:47
calling ourselves negro black colored and African-Americans that's what that's
26:53
where the fraud came in at is we were not who we said we were so we can't be
26:58
mad at them and we can't say oh they're you know they just they're just Lawless
27:04
and they're they they they violated us well that that was true but but the only
27:12
reason they were able to do that was because we were calling ourselves negro black colored and African-American and being their person in their in the
27:19
enactment that's the only way that can happen it won't happen any other
27:25
way that's the only way so we can't be mad at them and keep glorifying oh they
27:32
did they did this they violated me they stepped on my toe they twist my arm and threw me in the back of a police car
27:38
they weren't even real police so that wasn't a real police car you were being
27:43
kidnapped because you were negro black colored whatever or you were starting to
27:48
stand and and be yourself and you you you know
27:54
again we can't be mad at them but because those things happen and this

28:02
is what we think about when we do when we do what we're doing because those things happen we can
28:10
according to Federal rule 4 civil Civic
28:15
procedure Federal rule for civic procedure title 4 section 17 and
28:22
18 we can put our living person into those events and then issue Justice the
28:29
same way we did we we won $100 million from uh those actors previously acting a
28:35
city a Federal Way but we don't accept their Fiat so we're taking it in gold
28:40
silver property and so on and so forth so we accept it for
28:45
Value it has to be accepted for Value not for invalid fakeness and that's what
28:52
where people mess up on the accepted for Value peace is they're trying to accept Fiat Fiat has no value so you can't do
28:58
accepted for Value process on that
29:04
surprised to those who thought that you cannot do accepted for value with Fiat
29:09
because it has no value so then you have to do accepted for value with real money
29:15
gold silver moor Sovereign dollarium and you assign a market value a market
29:22
value and then you take that property based on the market value of the 100
29:27
Mill that you won from you know any actors that were previously acting as
29:34
cities and police and sheriffs and all of that issue yourself the Justice
29:40
because nobody else can not allowed to even say your Sovereign born appellation so all they do
29:49
is keep talking to it's like somebody's when those when those fake voices come in they're not even in the same place
29:56
we're at they're not even here they're they're in a cemetery
30:02
somewhere yelling to out to the dead so we don't answer because we're not a cemetery or any of
30:10

that um Islam Islam Islam Islam Empress Islam uh
30:18
Empress cynthus yes um what you just explained isn't
30:24
that the process it is it is it's the levy
30:32
process okay thank you that we possess that we
30:38
possess we possess all with the proper address and
30:45
everything you know
30:50
so uh justice AA I believe you were going to make a statement yes Islam EMP
30:56
Islam br greetings from Empress Angel
31:05
B so visited her at her hospital bed
31:11
today and I was completely elated yes she is growing stronger by
31:21
the second she wasn't able to utter any words but she was able to communicate
31:30
writing on a pad and she extends her
31:36
sincerest love admiration and everything to each and every member of the
31:45
Congress uh I was I mean I did the happy dance a me and my
31:54
mate did the happy dance a few times and yeah Anna just because we believe that
32:03
she was in a coma state but indeed she
32:09
is bright eyed of course she is fully alert fully alert and Islam and
32:18
gratitude Islam Islam it's I will be V revisiting her in
32:25
another few days or so and I will let her know that I spoke to the Congress on
32:33
her behalf and just let her know we absolutely love and honor and she's been
32:39
in our thoughts and our and our energies the whole time and we've been right there with her just like we are with all
32:46
the Moors yes indeed for sure Islam Islam
32:58
love you better yes do it well mommy loves you yes
33:06

indeed yes indeed from sh
33:14
temporal yes we we absolutely just we miss her you know and and and when we
33:20
say we miss her we miss hearing her voice we know we're we're there with her so we're good we know she's well uh she
33:27
hadn't goinge in anywhere she's still here with us and we're there with her
33:33
Islam and the baby yes the air ah our nation has another air that means we got
33:40
wealthier just from that we absolutely just honor her for
33:46
that so holy healing yes indeed and frasha says holy healing ESS Angel
33:53
malimbe Isola indeed all from all of us as well
33:59
indeed Justice SAA thank you so much for that oh we are uplifted even higher from
34:05
hearing that we knew that she was going to be well because again this Congress
34:12
and and all those who are with her we very powerful we're very powerful we
34:19
knew she would be well we all we all we're doing is continuing the work and
34:24
holding space for her that's all
34:30
Islam are there any other questions comments because we had asked earlier
34:36
about the USS United States departing Philadelphia
34:42
after being mourned at Philadelphia it is now moved can anyone take a guess as to
34:49
where it's being moved to and what's happening with it Islam Islam Empress I'm not guessing
34:57
necessarily but um so it was moord at the
35:02
capitolium capitolium which is Philadelphia yeah and so I did I did go
35:10
and do some research yes you did yes of course um so they're moving
35:18
it's being moved down the Delaware River and then they will be removing all
35:25
hazardous materials I'm sinking it
35:34

yes yes yes and guess where they're sinking it
35:41
at well I think it's somewhere off of Florida I didn't actually off yes Empress it's off the coast of Florida
35:48
that's our you know Florida was our ancient Capital the alhamra is at Florida
35:55
territory land land for fly hours yeah yeah so you see that's the
36:04
red yes mean I watched uh I watched the
36:13
everything
36:18
is yes yes yes yes I watched part of that
36:26
process and as I was watching part of the process I noticed that it was little red
36:34
tug bolts little red tugboats that were
36:41
moving it on taking it on where it's going and all of that is
36:49
symbolic of course see Delaware is where all of the quote unquote corporations
36:54
were registered remember that that's why it had to take the Delaware River on
37:02
down yes so our ancestors are just showing
37:09
us that just to keep doing what we're doing it's a
37:14
rra Islam Empress Islam nobility can you um bring me an update on the USS uh
37:22
Philadelphia where was it and why it's being moved so so the USS United States is the
37:31
name of the ship okay and what they did to signal to
37:38
signal each other to signal each other they put it
37:44
they parked it at Philadelphia's territory and I am
37:50
going to go ahead and put a the that link in the chat to what I
37:56
watched they they parked it there decades ago to let
38:01
all of their fakes know [Music]
38:09
um uh yes thank you for putting that in the chat Empress uh to let all of it was
38:15

it is a Masonic symbol so it was parked at philadelpha’s
38:21
many decades ago and that let everybody know that capitalism
38:28
had taken over by way of admiralty
38:33
water the Waterway and they have on the side of it
38:38
it has USS because see we know we don't use we don't use um abbreviations and acronyms
38:46
and things like that that lets you know that it's it's fraud it was a fraudulent thing but that's how they let everybody
38:54
know back 30 or 40 years ago whenever it was moved there um that it was them and
39:00
not us and so it in on the side of it it has USS United States so what they were
39:08
saying is that the United States has become the USS or the U.S do that's what
39:14
that s that's what it symbolized and it symbolized that that it's a big ship and
39:20
that they were they were going to be onboarding everyone who thinks they're negro black colored and African-American
39:30
uh and and having you enslaved on that thing in the
39:35
enactment and then what they did was now that we've done the work that we've all
39:41
done to properly State who we are properly proclaim the land and all of
39:49
that then they said okay we have to move this away from Philadelphia it has it
39:56
can't at Philadelphia any longer it has to go so they moved it down the Delaware
40:03
River and that's again it's a capitalism reference it's a corpse or corporate
40:11
reference and and all it had on it was a bunch of uh
40:17
waste just as it they stated in prasha stated that they were going to be cleaning out all of the junk and the
40:24
Hazardous Materials so Justice Willie I thought about you when I heard the word the term
40:31
hazardous materials because what you know Justice Willie previously talked

40:36
about how when he was doing his jail demonstration that they put biohazard on
40:42
he on the on the the cage that he was at they put the word biohazard on it what
40:49
that means is that they're they were trying to say you're their person and that you're trying to be their person or
40:56
not trying to be their person uh they were saying that it's a
41:03
it's a b because they know they know corpses is is is dead stuff and and and they know you're not
41:10
dead so because they know you're not dead going into there and trying to use
41:17
their corpse and I'm not saying you did this I'm saying this for the sake of the moor so that we all know that if you go
41:24
into a fake court and you attempt to be their person then that is a biohazard
41:29
because that's a corpse trying to get up and do things and and and operate among the living the living is
41:37
us and so you know we can't we can't use their courts or else it's a bio it's a
41:43
biohazard that's what
41:49
[Music] that are
41:55
you uhuh no okay sorry maybe all right so I was just going to say that um when
42:02
you're fac with these people you have I was listening to Queen Valar sometime I
42:09
I'm not sure if you're acquainted with her can you please not glorify the
42:15
subjects can you please not glorify no no this is one of us one of us it's a moor it's a moor um she she really
42:22
pushes our stuff as well we love her and we actually we are
42:27
looking forward to meeting Queen valara at oh man please I love that lady so much she's so
42:34
sweet yeah yeah she just remind me of you you and her is like same you know um
42:40
because of what you stand for now I was just going to say that she mentioned some time ago in one of her um videos

42:49
that we must never be afraid to go into their court but is what you what you do
42:56
when you go in there because the problem is if you don't go they're going to send
43:02
out a Manhunt for you remember that's exactly what word she used and so what
43:09
it's it's what you do when you go there you say less and you you're there to say
43:15
uh did I violate the treaty and you shut up you don't say much in their Court um
43:23
you simply somebody and some I don't know what is that but
43:30
anyway right so she's saying that and and I tend to prefer her
43:36
approach in that if you if these guys um
43:42
Force you you know the the only Power that these people have now is just the
43:48
use of force which is illegitimate power and so they will time you when you're on
43:54
the road kidnap you said that a lot and you're and you're going right on down
43:59
into the rabbit hole of of glorifying them so let us stop you there uh no it's
44:06
not a matter of glorification and let me just finish what I'm saying it has nothing to do with glorification I'm
44:12
just saying how they function the reality of how they function right so
44:17
the best thing to do is just not to get um is is is it's it's what knowing what
44:24
you stand for and you're not afraid to go there and let them know who you are
44:30
that's all I'm trying to say so it's not a matter of glorifying no I'm not okay so so we get what you're saying Justice
44:37
Willie however however we disagree and here's why we
44:45
disagree you you're not standing if you're if if you're actually doing what they tell you to do that's not standing
44:52
now let me say this about what queen valara said she was teaching according
44:59
to her inner standing at that time because the the vide that you're
45:05
referring to are are probably about 10 or 12 maybe moor years old maybe even 15

45:13
to 20 years old maybe uh and at that time that is what
45:19
Moors knew to do and so that's what they were encouraged to do at that
45:27
time so we're not saying that at that time that wasn't right for them Queen
45:34
valara led the way in finding the pathway
45:40
out and he did it according she and the Moors from from that time span did it
45:46
according to their inner standing and their over standing now things are different we
45:54
have progressed standing on the shoulders of those who did it before us
46:00
so we honor what they did and what they they stand for we we honor them we love
46:07
them Queen valara all all of RV Bay uh uh Empress Ros Mariah all of them we
46:14
they did what they knew to do and guess what they kicked the door open for us to
46:20
come through and now our courts since we have our own courts there there's no
46:26
need for us to go faking it so we're not goingna fake
46:32
it hold on please hold on hold on please please I gave you a chance to speak Justice Willie we're not going to go
46:39
hours and hours on this platform talking about something that we already know is fake why would I go to Toys R Us with a
46:47
ticket that a Toys R Us clerk gave me talking about I came to fix this
46:55
ticket because you gave me a parking ticket or a speed and ticket and and so I'm here and it has Toys R Us at the top of
47:02
it in all capital letters in black ink why would I do that no our courts will speak concerning us period we don't go
47:12
see when people say and and I'll just I'm not going to go all day on this either when when people say well they'll
47:19
send a they'll send a a whole Squad out there for you they're not even talking to you they ain't sending nobody for you
47:26

they're sending somebody for their person their person is in Black Ink and
47:31
capital letters and as long as you continue to think that that's you then they can take you because you keep being
47:40
their person period okay can I can I say something
47:46
now Justice Willie no no no no there is a
47:52
disconnect with do respect there's a disconnect in what you're saying saying no there is I know let me
48:01
just we need to have this conversation because what you sometime make it sound
48:07
as if we're saying that we have a choice these people are known to kidnap people
48:13
and use Force to pull you out okay Justice Willie I'm going to have to mute
48:19
you why because you still speaks the truth you still Justice Willie if
48:26
they're agreeing with you know it there's something wrong with it okay if they're agreeing with you you know it's
48:32
something wrong with it it's just that you can't see it yet you cannot see it
48:37
yet okay however PA full of H full of
48:47
we're not going to go hours with this we have our own
48:53
person they don't come for our person they come for their person not ours
49:01
theirs not ours theirs and and as long
49:07
as we're not being their person just a moment yeah you you're out of here as
49:14
long as we're not being their person their corpse and all capital letters in
49:19
black ink they can't come they don't have anything to come for or with or
49:28
okay poor poor so with that being stated we're not
49:33
going to be their courts period we're not going to fake courts period because that's fraud on our part if we do that
49:41
Willie's C leer had mute it's fraud on our part if we go to
49:50
a fake Court how do you not

49:57
you go to a real Court by being the real Court there is no court that's real but
50:04
us what a bunch of so no so no we're not goingna go to fake courts no we're not
50:10
doing that see we have better information today we have we have better
50:15
information today look look they don't like it they don't like it but you getting booted out
50:21
they don't like it but we're going to tell it anyway they're not even talking to us we
50:28
have to know that so we're going to continue to be the
50:34
court see in in 10 or 15 or 20 years ago and this is why I absolutely absolutely
50:42
love our great Chik Taj Tariq Bay and what he impressed Upon Us heavily when
50:49
we first nationalized and began communicating with him
50:57
they in 2017 there was a push to get the celor courts going so we wouldn't have to go
51:04
to a fake Court huh come on our grand Chic
51:12
Taj whom we honor and love and adore and send our highest honors to
51:18
him our grand sheet Taj said just get it just get it started please just get it
51:25
started and clean it up as you go it it may not
51:31
be perfect like you think it should be from the beginning but you gotta get it
51:38
started we didn't wait we didn't wait until we had 12 of our peers or nine of
51:45
our peers to get it started because we didn't have to that's the difference between a
51:53
sovereign and a subject the sovereigns are the court all
51:58
day every day check the Declaration for Independence when the when the subjects
52:05
appealed to the judge for the whole earth they were talking about each one
52:11
of us each one of us you're full of you dumb
52:19

you're fullish each one of
52:24
us so we're not going to to even let that
52:31
Madness go on on this platform in terms of telling people to go to a fake Court
52:36
why would we tell them to be a fraud we wouldn't do that we are not going to do that it's just not my spirit won't won't
52:44
let that continue we get it that some people don't don't you know that's where they are in their
52:51
growth it's our job it's our job to tell them otherwise
52:57
so yes what queen valara said back in the day worked for
53:02
her in for as long as it worked for her we honor that we had times where we
53:10
didn't have all the pieces either and we're still we're governing 100%
53:18
so you we're governing 100% we we know that that's not even in question
53:27
so our job is to keep doing what we're doing keep governing s don't speak
53:33
unless you're being the court because see that's one thing that people don't do who who who who agree with that
53:39
that's called capitulation is when you go to a fake Court you're capitulating that means
53:45
they're decapitating you that's what that means Moors don't do it am I allowed to
53:53
respond Justice Willie we really don't I'm G be honest with you we don't we we
53:58
really don't want to hear any moor about that because we know better but I think it's quite disingenuous if we're having a
54:05
conversation we both need to make our point it's not it's disingenuous when you alone do talk and we're trying to have a
54:12
conversation but do you know how many times you said that on this call and but
54:17
but okay recently they locked up one of our own anel was that was that uh she
54:24
going or did they kidnap her it was her test just like it was my test when it happened whether you call it test or not
54:31

they still kidnapped people that's what we're saying Willie and we heard you say it too many times we heard you say it
54:37
30,000 times and here's the thing need to hear no moor brought up a subject I'm
54:43
just addressing you okay you've done it's fine each each his own I I I
54:51
know what I know I don't volunteer to go to their Court I don't want them to inconvenience me when I'm traveling with
54:58
my family and kidnap me again Ru fantasy land will you're ruining fantasy
55:04
so Justice Willie that's fine you said that many many many many times many
55:10
times you said that and we are living proof of the of the opposite of that
55:17
we're living proof of the opposite of that period so
55:22
now uh we're not going to go to fake Court because they're fake why would we
55:28
do that that doesn't make sense and we're not going to encourage anyone else to go to a fake Court what we are going
55:34
to state is that you become competent at being the court yourself those are not
55:40
courts that you're going to that's the point you keep calling it a court like
55:45
they're judges they're not judges that's not a court you might as well go down to the garbage
55:51
dump and argue your case down there
55:56
because that's where you're going that's trash that's why they put biohazard up
56:02
there because the living is melting around among the
56:09
dead that's a biohazard when the living is Milling around among the dead among
56:15
the corpses and things Islam Justice nobility um peace and love to everyone
56:24
there on the call today Islam I just I hear I hear what Justice
56:30
willy is trying to say but there's one thing you have to know the court is the paperwork the court is
56:37
the four corners of the documents anytime you call a venue that's at Dry Dock the the building is just on the
56:45

land it's a ship it's a it's a it's some place on the land that they don't have
56:53
jurisdiction to be there because who gave them a pass to be there so they don't
56:59
have a court the court is the documents you have to know the difference and when you go in there and you dock your ship
57:05
your court into into the into the building you are the court once you
57:13
bring your paperwork past any door on the land you are the court and and they know that they know
57:21
people don't know that when you come in there and you don't even uh uh do your
57:26
ship Your Vessel which is the paperwork that's how they going to know you the court that's why everybody
57:33
people that is getting kidnapped is because they're being tested they're doing the subjects is doing their job by
57:39
testing the people to know if they are who they say to y' and they're separating that's what they're doing now
57:46
they're separating who's who on the land because that's the order we gave
57:52
all the MOs have to be tested out of the old the old way you have to do your own
57:59
work you can't be afraid you are the Justice Bring Your Vessel and dock it
58:06
that's all you need to do you because you making the document itself like listen
58:11
to the words I'm saying when you make the document that's your dock anywhere
58:17
you place your document you dock Your Vessel Your Vessel is the the paper the
58:23
paper has four corners which is a court you have to know these things and once
58:29
you know these things them kidnapping is not a kidnapping it's a test they try to
58:35
they want to bring the court in because they know that we are the justices and we the only ones that we are the Savior
58:42
let me put it that way we are the Savior you have to save yourself by
58:48
knowing the knowledge brother you're preaching to the choir I know all of
58:53
that please don't insult my intelligence I have done all documents all documents
58:59

these people ignore your documents these days okay so so so Justice Willie you
59:04
still calling them people they're not people so here here let's let's just look at the word Court really quickly
59:10
and then we'll move on um c u t
59:15
Court the shit's never goingna work your doc let's let's look at that word really
59:23
quickly so that we know who we are and and and who's we and what we are and all
59:29
of that who we are and and and and our Authority the word
59:34
court and it takes several pages so so check it out a court a space
59:43
which is uncovered uncovered that means that they don't have a covering over
59:50
you uncovered means that all capital letters is not covering you as the
59:55
people people that's what uncovered means in the
1:00:01
dictionary that you're not trying to use their capital letters to cover your true
1:00:09
identity but which may be partly or wholly enclosed by buildings or walls
1:00:15
that means protected so Court a legislative assembly well how
1:00:23
in the heck are you legislating if you're in a fake court it's a fake place
1:00:28
it's covered it's covered remember Mo's
1:00:34
doctrine of Discovery the word covered all listen
1:00:39
the doctrine of Discovery was just them capitalizing everybody and everything that they saw in their enactment that's what the
1:00:47
doctrine of Discovery was so when the fake actor acting
1:00:55
pretending to be the pope said oh no moor doctrine of Discovery no moor doctrine of Discovery he was telling
1:01:01
them y'all better stop capitalizing stuff because the Moors are awake and they're the
1:01:07
court that means we are uncovered see that whole covid thing was about
1:01:13
masks masks an all Cap's name is a mask it's

1:01:20
considered a mask because it's hiding and concealing the true identity of whoever it is that that's wearing the
1:01:26
mask that's why we didn't wear
1:01:31
none so here it is Court let's look at this part right here now remember let's
1:01:38
the word court right here continues right here and this is
1:01:44
what we want you to see let's make it real big where international law is concerned
1:01:51
the court is the person or Suite of The Sovereign the place where the Sovereign
1:01:58
sjs with his Regal retinue that retinue
1:02:03
and retina are the same word that means you can see your nobility okay wherever
1:02:09
that may be that means anywhere everywhere okay
1:02:18
so who's the government the court an organ of the government the court and or
1:02:25
are they the real government no they're not they are not but let me just say
1:02:31
this about the piece about uh Moors being tested in this
1:02:38
area with Moors being tested in this area what did you think they were going
1:02:44
to do when you said we're the airs to all land all natural resources and all
1:02:49
Commerce did you think people were going to bring roses and just throw them at your feet to begin with because they G to do
1:02:55
that too but did you think from the beginning they were going to say oh
1:03:01
wow they said they're The Heirs I guess it must be true we don't have to test
1:03:07
them it must be true because they said it and this coming from
1:03:12
Liars no liar would do that no liar would would take someone's word for
1:03:19
something without testing it no liar would do that because they know people lie like they do
1:03:27
so then how do you know who the real court is how do you know who the real
1:03:32

court is whoever's doing Court actions and being the court that's how you
1:03:39
know that's how you know Islam Islam nobility Empress I just want to
1:03:46
acknowledge that the things you are saying uh I can't I'm just going to paraphrase
1:03:55
blowing my okay you revealing so much truth and it it's it's simple to me I see it
1:04:01
now you know but I understand and I over understand because I deal with people
1:04:07
like this every day lot of everybody is not ready for this they G to have to get ready because you
1:04:14
know what we wasn't ready for being pulled over on the side of the road and thrown in the cell we wasn't ready for that but they did it did they right they
1:04:22
going have to get ready that's what the legal is you ready better get ready
1:04:29
yeah that's right no sense in waiting we don't have to wait another hundred years our Prophet Noble ji gave us some
1:04:36
information and here we are that's right what are we waiting for
1:04:42
nothing nothing nothing let's do this let's do
1:04:51
it the dictionary telling us over and over and over again what a real court is and and and Justice Willie just so that
1:04:58
you know you know you you already know that we just love you from top to bottom from here to there from all the way
1:05:05
around and all of that you know we love you we just know that that that there's
1:05:12
some fear in what you're saying and you can say that it's not but there is you're afraid of being taken and put in
1:05:18
a jail cell we get that because we were there too that was the first thing that we asked the ancestors when we
1:05:25
nationalized is how do we get past fake policy enforcers and fake
1:05:31
courts and the ancestors said don't worry we goingna throw you into some of them situations and then we'll see you
1:05:37
get past them and we did it so we just continue to be the court
1:05:42
whenever they send anything anybody sending anything our courts must speak I

1:05:47
don't care if it's a a supposed bill or a supposed uh War rant or a supposed
1:05:53
whatever it is our courts must speak at all times and we don't speak unless we
1:05:59
are doing Court actions that means we don't speak by phone unless we're doing
1:06:04
Court actions on whoever it is on the other end we don't even care what they look like ju that's why Justice they say
1:06:11
justice is Blind Justice can see though this Justice can see we can see so we're going to continue to do
1:06:19
Court actions all day every day we don't
1:06:24
speak and moors this is the key do not speak I don't care if it's walking down
1:06:30
the street I don't care where it is I don't care if it's on the phone I don't care if it's in writing no matter what
1:06:36
it is I don't care if it's if if it's somebody coming to the door we don't speak unless we do Court actions
1:06:44
period and guess what they'll stop coming to the door when you do them Court actions in writing
1:06:50
particularly because see again paper is the only place they were existing
1:06:57
in their enactment that was the only place and when they start sending them
1:07:03
things they cannot come when the paper is right they can't come they can't kick
1:07:09
your door in they can't take you when the paper is right keep the paper right keep the
1:07:16
spirit right you'll be right we just we just we we our our our
1:07:24
Spirits cannot hear
1:07:30
glorification when we have not let their person
1:07:35
go their person you can't be their person period I don't care what anybody
1:07:40
says you can't nobody and this is for moors you cannot be there all caps that's why we
1:07:47
created our own our own all caps let me tell you about it it doesn't it can't see
1:07:55

our all caps cannot walk they cannot talk can she cannot move she can't do
1:08:01
nothing all she does is she's a conance method whereby wealth comes in if we chose to
1:08:07
do that but what we did was we set our all caps right on behind
1:08:13
us we just put it put it down next to us and said you we don't need you no
1:08:20
moor we don't need you no moor it's our all cap that that way
1:08:26
anything coming in all capital letters we already know it's not about us but but our courts will speak to that
1:08:31
because it's fraud but now the fraud is not us being fraudulent it's somebody else it's it's
1:08:38
actors being fraudulent so then we speak to it from
1:08:44
our courts we know you ain't talking about our all caps because our all caps is right here where we put
1:08:51
her SE it and our all caps is seated at the right
1:08:58
at our right hand Bible
1:09:04
scholars our all caps is seated at the right hand of God so we know they're not talking about
1:09:12
her justice Willie you know we love you we just we just cannot hear that powerful
1:09:18
voice yes yes that's me that's that's all of us that's all of us too Justice
1:09:25
Willie we you know we that too and and it's all good it's all good it's all
1:09:32
good just your voice is just so powerful to you give credit where it's not due is
1:09:38
just to it's just we just our Spirits are
1:09:45
just we and and the Congress knows what what
1:09:50
we're talking about here so you know we are who we are and
1:09:56
that is not even going to change it's not even going to change it's not going to change we're the government we're the
1:10:02
courts we're the law and there's no other the Bible says that there's no one
1:10:07

beside us so we're not going to put anyone
1:10:13
beside us and our person is property so all of our property is all around us but
1:10:19
we can do that with that being stated
1:10:28
so there is no duality in what we're doing there's no Duality we are exactly
1:10:36
who we state that we are uh there's a couple of financial
1:10:45
things that we're going to just basically introduce really quickly our courts are so important
1:10:52
because we must understand and over and that as we're moving forward with our
1:10:57
court actions and things and with our Commerce even that there's a way to do it so that
1:11:05
no again no one can kick your door in and and and say fraud and all of that
1:11:11
stuff just be yourself don't use the all caps create
1:11:18
it and then sit it down create it using the fiduciary
1:11:26
document and then sit it down it's property so it it goes where
1:11:33
of your property goes and then move using your Inc
1:11:38
capitus diminutio Minima which is the first letter capitalized and the rest of the letters low case and that's how
1:11:44
we've been sending out all of our stuff and it's been getting where it's going now those of you who have received the
1:11:52
sea salt even as you can see we didn't do anything things you know we it it
1:11:57
wasn't you know encased in Gold when we sent it we sent it we got
1:12:02
it there the way we get it there it's still
1:12:10
done so a couple of things we will to to to bring forth that we're seeing and I
1:12:18
don't know if any of you are seeing the same things that we're seeing uh let us know if you are
1:12:25
Islam Empress Islam uh nobility before we move ahead I I got to tell you I I
1:12:32

received the sea salt and is wonderful I in the cabin I've been going
1:12:38
to heal food stores and a lot of other places I had to tell you that before we moved on thank you nobility and you are
1:12:45
free to use that in your your National Football League whatever it is that you
1:12:50
that you're going to be putting out the information the knowledge all of that you're free to use
1:12:56
whatever you will with regard to uh to us and and the salt and and all of that
1:13:02
because we know that uh we even had one of our one of our Ken who has not yet
1:13:08
declared his nationality tell us uh as a therapist or his son is a therapist had
1:13:15
him tell us that they're recommending salt now for for for everyone instead of instead of medications and things like
1:13:23
that for professional because he played he played professional
1:13:28
soccer here uh he he's actually my nephew uh I have a nephew that played
1:13:34
professional soccer and a nephew that played professional basketball um and so they're they're
1:13:40
they're getting information here and there as
1:13:46
well so um for those who've not received your your salt yet just just be patient
1:13:54
because we're getting inbox saying that they that they gave their address and they've not received their sees saw yet
1:14:00
uh justice you you just just be patient it will come when when it gets there
1:14:05
Islam Justice uh justice Odewalley W yes uh I got a notice in my mailbox yesterday
1:14:12
because I went in and my pain so I I'm pick up tomorrow and I can't wait
1:14:19
beautiful and we're I'm just so excited because we're doing what we said we were
1:14:26
going to do we do we're doing what we stated using the trust we're prospering
1:14:33
and we're using natural resources and all of that I'm just like wow we're we're we're
1:14:41

really doing it I'm so excited thank you for that nobility we're we're going down the list
1:14:48
we have we have an the the list that we have thus far to include what we've received over
1:14:55
here is it's it's endless because every
1:15:00
address restated is due some salt every address restated in
1:15:08
the world is due or on the land is do some do a tribute from the
1:15:18
trust so we have an endless number of of um
1:15:26
uh I I could say I could say custers custodies
1:15:33
custers those who will have custody of the salt once we send
1:15:39
it so the wealth is just it has manifested so
1:15:44
huge and each and every one of us has something that we bring to the
1:15:49
table that we can put out there Justice Travis wo I'm still thinking about you
1:15:56
because the all of the everyone everyone Justice
1:16:04
Travis who is acting as NFL players today should be receiving something from
1:16:10
you in the mail whether you package them up and send them to the the training camps or
1:16:19
whether you package them up and send them to those places that were previously doing business as home as
1:16:24
team offices and things and all of that everyone should be receiving something
1:16:30
from you so that they will know that they too have the authority when they
1:16:35
declare the nationality to to to Tribute their own name image and likeness out
1:16:45
there because they need to know that they've been fighting for that in the in the National foot in the all the
1:16:51
national league national football national hockey national baseball ball uh they've all been fighting for
1:16:59
that and and as you know the corpses are not trying to let
1:17:04

no corpses go away because again they can speak for they can come get their
1:17:09
corpse that's why we went ahead and gave them that thing we told them we don't need that we
1:17:16
don't need a corpse are all caps in Black Ink that wasn't created by us we don't need it keep
1:17:22
it you're supposed to be removing all off the land
1:17:29
anyway so J as Travis you you got a whole boy you're the light for that
1:17:35
whole Sports Arena they need to
1:17:41
know because even as I was watching them talk about the name image and likeness
1:17:47
piece where they always had a
1:17:52
pale being sitting next to them because they couldn't even talk
1:17:59
about it without the corpses being there they couldn't talk
1:18:06
about their own names because it wasn't their name it's the corpse name they
1:18:12
have to create their own spelled the same looks the same and everything but
1:18:17
they have to be themselves they got to be people and not persons it's a very beautiful thing
1:18:26
that is how you become Untouchable by the
1:18:32
dead don't give them anything they can come out the grave and grab on
1:18:41
to and don't go to their venues now let me say this too about uh
1:18:49
something that the ancestors are revealing to us and showing us and
1:18:55
it's something that I had been asking the ancestors what does this mean what
1:19:00
does this mean so if you all are aware most of you
1:19:06
are that the actors that were previously acting as Federal Reserve would do something
1:19:14
about talking about interest rates going up and then the interest rates would go down a little bit and the interest rate
1:19:20

would go up and I knew it meant something but
1:19:26
again they're not talking to us they're talking to each other but I knew it meant
1:19:32
something can anyone just take a take a an irid conditioned guess about what
1:19:41
that means in the funny mirror when they say something about interest rates from the quote unquote Federal
1:19:48
Reserve
1:19:57
Islam Islam EMP um what looking at it
1:20:04
from both side I'm just looking at a a ship on a stormy
1:20:11
sea going up and down as in there's
1:20:19
instability you know from the one side they're possibly trying to show that
1:20:25
they actually still have some Authority if they say it's going up and it goes up
1:20:30
or it goes down I it it really is is
1:20:36
showing that there's they're kind of lost the sea
1:20:43
being flung about by the wind Empress you're you're you're right there you said it you said it you said
1:20:51
it when you said that that that they that they're that they are still trying
1:20:56
to claim some interest in in something but but but it's up down and all over
1:21:02
the place so I mean looking at it even what
1:21:09
they're trying to show has no substance because if you can see you can
1:21:17
see particularly if you said because you said they said it'll go down and it goes up that's right there is showing
1:21:25
then you know the right hand doesn't know what the left hand is doing yeah and I yield now yeah Empress Shasha
1:21:34
you're right there you're right there let me let me tell you uh I I'm
1:21:41
affirming and also adding to what you stated take me
1:21:46
there empress and
1:21:53

Moors so when when when the actors that were
1:21:58
previously acting as federal reserves start talking about interest rates it would seem that people would question
1:22:04
that because that's not the treasury talking about interest rates so then you know it's not really
1:22:11
about money yes so then what is it really
1:22:20
about the interest rate going up
1:22:25
is when Moors wake up moor on mass and this
1:22:32
is this is what it means in reality where whereas in a funny mirror it means something different to them so they're
1:22:38
not talking to us but we can look at it this way Moors are waking up all over the
1:22:46
place and as they wake up they're starting to claim things like conveyances and domiciles and things
1:22:52
like that so the interest rate is how much interest the Moors have in those
1:23:00
things okay
1:23:09
however once the interest rate is at zero okay because see again there is a
1:23:16
debt that that is old but all debt is actually our wealth
1:23:25
turn inverted it's turn it's it's upside down as debt but on our hand it's it's
1:23:31
it's right side up and it is all that we you know that we have and that we
1:23:39
own so when the quote unquote Federal Reserve actors
1:23:47
previously when they were acting as uh you know financiers and saying the
1:23:53
interest rate is at this and and and they're going to meet at Jackson Hole and and uh and decide whether the
1:24:01
interest rate should go up or down or whatever all they're doing is is on the
1:24:06
flip side looking at are we interested in things that they created or things
1:24:12
that we've restated as the interest rate goes down to
1:24:17
zero because it went down it went to negative Z for a minute there back uh

1:24:23
about a year and a half ago or so it went to below zero well when it goes to
1:24:30
below zero then we will be able to use and and
1:24:35
again it's not based on what they say it's based on us and what we do as we continue doing what we're doing
1:24:44
and that and that that that interest rate goes to zero once it goes below
1:24:51
zero then we can essentially quote unquote collect
1:24:57
on the principle and I'm putting that in air quotes for us because we're talking to each other we're not talking about
1:25:04
funny mirror now about us we will be able to begin collecting
1:25:09
on the principle collecting on the principle means free use of our gold our
1:25:15
silver our moor Sovereign dollarium all of that being used freely on the
1:25:21
land because see as you know in Islam when we're doing things we don't use
1:25:27
interest we don't allow others to have an interest in in our
1:25:36
principle so when that goes down to zero and we keep doing what we're doing
1:25:43
it it will just be a signal that it they're signaling each other and we're signaling each
1:25:50
other and then that will mean that
1:25:56
Merchant actions there's a there's a EMP Shasha
1:26:02
there's a little bit of an echo I will mute me uh or just move back from from
1:26:08
from what you're doing because you don't have to mute Empress you can just move back a little bit from your from your
1:26:14
because maybe you have computer and phone at the same time and sometimes if they get too close together it causes an
1:26:21
echo yes so just move one or mute one because I have two computers here and if I
1:26:27
turn on the other volume on this other one instead of it being muted it will cause feedback also or or or echoing and
1:26:35

that's for everyone if you have if you're on your phone and your computer at the same time just mute one or move
1:26:42
one back from the other so as I was stating Merchant actions and this is why
1:26:48
the merchant meeting is so important Merchant actions
1:26:55
cause a shift in the interest rate okay Merchant actions cause the
1:27:04
interest rate to go to zero very quickly and move into principal and moving into
1:27:09
the principle because because remember they were always saying that they're never going to be
1:27:17
able to pay the debt so they've just been making partial payments on the
1:27:22
interest that was what they were saying in the funny M as the merchants are doing what we're
1:27:28
doing and this is why it's important for for everyone of us to come to the table with something come on with something
1:27:36
whatever you got one one tree outside find out what the what
1:27:42
the leaves can be used for grind the leaves up make some medication dry them
1:27:48
out and send it find out do your research so you can
1:27:54
bring something to the table so that you can start accessing the principle of your
1:28:02
own estate because the word principle in finance is the same as the word
1:28:07
principle in terms of who's the head of of the action because you know in leans
1:28:13
we say all agents principles heirs ass signs and any derivaty thereof the principal is the one who put up the
1:28:19
money in the first place so when you will to access your estate fully you will make it so that your
1:28:27
interest is in what you're doing and not so much in in
1:28:33
in their stuff so to speak and they again they don't have anything all these
1:28:39
conveyances and all that stuff belongs to us already but we have got to get involved in the principal we have to be
1:28:47

the Principal finance here and in order for us to be the Principal Finance year that's what this Merchant piece is all
1:28:53
about is is is that so Merchant actions shift interest to the principal
1:28:59
immediately the minute you start sending things out and this is what we're seeing the minute you start sending things
1:29:06
out your books the records that you have on your books will
1:29:13
make it so that you can go and get whatever it is that you will to
1:29:19
have interest rates go to zero
1:29:24
because we access the principal so that's why we don't do interest our
1:29:30
ancestors were looking to see what we have done and they were also
1:29:38
watching the adoption rates for falsehoods such as Bitcoin and all of that stuff or anything corporate and
1:29:46
here's what we're saying about Bitcoin even for those moors who like Bitcoin Bitcoin had to be restated so we've
1:29:52
restated it so so so Bitcoin coin is is is a good thing just like anything else
1:29:57
that we restate it we have to make it real but we could not adopt a a a
1:30:05
fake system like CBDCS and all of that stuff though anything done by actors we
1:30:12
could not adopt it so our ancestors were looking to see how many of us would
1:30:17
adopt the next Fiat piece instead of starting our own
1:30:24
instead of having our own Finance Financial things and if and see we're past this point
1:30:31
if moor of us or if we would not have come up with our own Financial system
1:30:37
then then whatever is said about CB it would have been another probably A Thousand Years of
1:30:44
Slavery but we but we didn't do that we we we we got it
1:30:49
together and because we've gotten it together the interest rates are going to go all the way down to zero in the funny
1:30:56
mirror because it's funny mirror stuff but we know what that

1:31:02
means it means that the principle on the debt not the debt the principle on our
1:31:10
credit is accessible to us but all we have to do in order if you will to
1:31:16
access your estate financially bring something bring
1:31:21
whatever you have to the table and and begin tributing it and and record it in
1:31:27
the books in your books keep keep record of it
1:31:34
so there's no there's no um yeah Empress Is a says
1:31:41
she has a Bitcoin account also it has to be restated Empress because it was issued
1:31:47
improperly you know so you you you will to restate it same you know you can you
1:31:53
can you can use it but but it has to be restated Islam Islam Justice I um what
1:32:03
I'm hearing it's um through sovereignty our
1:32:09
sovereignty should um be aligned for the
1:32:14
want of a better expression because being Sovereign is
1:32:20
being independent and um I like where this is
1:32:26
going because when we learn to as a community then or as a nation trade with
1:32:34
each other do things among each other that's true sovereignty because you're
1:32:39
not now dependent on anyone outside who is not among uh who is not in agreement
1:32:46
with you so to speak so this has always been um one of my pet PE to say that we
1:32:54
we have to get ourselves as a nation together do things among each other so
1:33:00
we can be independent of other sustenance from other people and I like
1:33:06
where this is going awesome thank you nobility you know we just we just we're
1:33:12
just the ancestors said do it so we're doing it already it's already it's already being done among the Moors we're
1:33:19
doing our own Commerce and again
1:33:25

natural resources that's how you prove who you really are is you have control over the
1:33:33
natural resources and you tribute
1:33:38
them so if anyone um
1:33:44
has um sour sap leaf that something I like to drink from time to time I would be
1:33:52
interested along the way I am thinking of um contributing um what is called
1:33:59
um uh apricot seeds I think it's a powerful thing to have Among Us in light
1:34:07
of the atmosphere that we're in it's good to always be in protection mode of our health and yeah I'm thinking about
1:34:15
um but that may be um in the near future Justice Willie make sure you send
1:34:21
me some because you know what all see seeds have the ability for those who
1:34:28
like coffee because I I I like to drink coffee for those who are coffee and tea
1:34:33
drinkers you can take the seeds from anything dates apricots
1:34:39
avocados uh peanuts even you can take the seeds and roast them and then grind
1:34:47
them up like you would coffee beans and make use some coffee that way
1:34:54
and I have a very good source where I get my thing um like that organic I
1:34:59
don't want no GMO related stuff yeah so you know yeah but um like I said uh I I
1:35:06
that's something I'd be interested in the sour Supply and um I'm going to um
1:35:12
think about um contributing the apricot seeds because it's a powerful um um
1:35:19
prevention of stuff in your body you know it's a good thing to to to digest
1:35:24
so Justice Willie if you if you will uh where would you like for us to
1:35:29
send the things that were tributing already you want me to put my address in this thing if you could if you could
1:35:36
inbox it to Empress Shasha she will can are you able to inbox it to her here on
1:35:43
the platform is it on the chat I put it or yeah you can put it in the chat um
1:35:50

but Justice Willie they're in the chat down at the bottom of the chat it it there's it says two and then you'll see
1:35:58
usually it'll say everyone but if you if you click you can send it directly to her so
1:36:05
that it's not in the chat because the chat is public I see lot people see it
1:36:11
but you can individuals you know may I ask um you don't have a issue
1:36:19
with because I I did create a um a PO
1:36:24
box for my call it the strawman account um
1:36:29
so I can do that or I can do the debtor account which is my actual um they call
1:36:36
it their address or the domicile whichever you prefer because we're gonna restate
1:36:42
it anyway okay see that's the that's the
1:36:49
beauty of what we're doing we're not clashing heads with anybody at all
1:36:54
because we're restating everything okay same way they did the birth certificates and stuff in the
1:37:00
1930s in their Ina they didn't ask anybody if they could do that not really but because
1:37:07
nobody rebutted it you know right so we're restating all addresses and
1:37:13
everything anyway and then sending the stuff out so anybody who Wills to have
1:37:19
and here's the thing even if you if it's not sea salt but it's some other something that you will to have it's
1:37:26
best to get go ahead and get your your your address or mailing location to us now because this is picking up very
1:37:33
quickly because people are starting to receive things and and they don't even have to pull out their
1:37:40
wallet right right excellent awesome
1:37:47
yeah uh Empress Aisha and then uh Empress um shabbaz say empress okay when
1:37:54
you restate the Bitcoin account do you change colors on it yes it goes from
1:38:01

black to blue or red blue blue blue actually okay and it's SP we spell out
1:38:10
everything yeah spell out everything and then also uh use in capitus diminutio
1:38:17
Minima which is the first letter capitalize and the rest of the letters lowercase for Bitcoin
1:38:24
yeah and and Empress separate the words bit and
1:38:30
coin Okay the reason for that is because if
1:38:36
you put those two words together it's no longer a coin that's why they did it it's not a coin because it's not a real
1:38:42
coin okay so just separate them and um
1:38:47
May I just add quickly um I think it it would be wise also if you have you know
1:38:54
like a good amount of um coins on on the blockchain it's on the exchanges or in a
1:39:02
wallet uh based on um what I hear they can overnight seize those things so what
1:39:09
we can do is put it on um on you they call it cold storage where you put it
1:39:14
on like a hard drive kind of thing so that's off the the the the blockchain
1:39:19
that's off the exchanges and that's out of their wallet so they have no reach
1:39:25
you would have that Inc storage at home or safe safely locked away that's if you
1:39:31
have significant amount of money um you know that you can do that but if if it's
1:39:36
negligible then you but just know that there's a chance that they're going to the government is going to seize and buy
1:39:43
these exchanges the the fake government the fake government is going
1:39:49
to seize one night everything can can you know that's what is expected to happen when they move over to the next
1:39:57
their their fraudulent system come on man don't treat me so
1:40:06
bad is that that to court I have to be so careful with my
1:40:13
words on this platform my God take your time with Justice will
1:40:19
man so this be taken to through Court also and
1:40:24

yes every step take it through Court Empress every step take it through your through your court yes
1:40:31
okay not not fake courts because yeah you know why okay
1:40:40
Islam uh justice from uh Georgetown Ontario we
1:40:46
got you we got you it's
1:40:51
F yeah yes just uh justice console thank
1:40:58
you it's unlocked Islam than
1:41:04
you oh wow let me tell you that the
1:41:10
principle on our estate is growing every
1:41:18
day we have so much wealth and riches and treasures and money and currency and
1:41:28
we have so much that's that's why I'm saying please just just start sending things out to people that you credit and
1:41:36
and make a record of it please
1:41:43
because we got to get spending not spending vesting on the
1:41:49
principal because you'll be able to get you'll be able to get things for your you know for what you you'll be able to
1:41:56
increase operations is is is what I'm looking for this phrase that I'm looking for the words increase
1:42:03
operations by how much you have on your books emperor shiba
1:42:09
day thank you I I have this question is
1:42:15
about uh so I'm I'm thinking about what to bring forward and there's a lot of
1:42:21
little things you know years of creating greeting cards years of making homemade
1:42:28
wine years of making creative things with the grandchildren years of so and
1:42:35
they are very excited those little ones but uh to begin with I'm I'm looking at
1:42:41
the whole thought about um value for equal value and I wanted to know
1:42:50

what are you pricing your salt at so that I can begin to think about how to price some of the things that I will to
1:42:58
put [Laughter] out great question so Empress let me
1:43:07
state that we priced our salt based on a
1:43:12
number of factors number one we priced it based on
1:43:17
the fact that it is a commodity a a commodity is anything that
1:43:24
comes from the earth that can be monetized if you choose to do so so it's 100% natural we don't add
1:43:33
anything to it we based it we priced it based on
1:43:38
that we also priced it based on the fact that we use our energy to go out to the
1:43:44
Pacific Ocean collect up the water bring it home
1:43:50
and we boil it all day so six 8 12 hours
1:43:57
of boiling until we boil it all the way down until there's nothing left but the
1:44:04
minerals from the water we also so that's the second thing
1:44:10
that we based it on it and really these are they're interchangeable our energy is first and then the fact that it's a
1:44:17
natural substance from the earth is second the third thing that we based our
1:44:23
pricing on and this is going to justify the pricing and the price is really still too
1:44:29
low um the pricing is also thirdly based on
1:44:38
the fact that we um the record keeping the time
1:44:46
that it takes for the record keeping and and and any materials so expensive anything like that
1:44:55
so our sea salt is $99 per
1:45:02
ounce $99 per
1:45:07
ounce initially when we first but see but but think about the price of gold
1:45:13
the price of gold uh even in the funny mirror they're saying that it's $3,000 for an ounce of

1:45:21
gold well okay our thought should be that
1:45:26
then it really should be that but see the beauty of it too is
1:45:32
that everyone can afford it because of where the money is coming from everyone
1:45:37
can afford it yes and so that's that's why we're so
1:45:45
wealthy we we each have a trust with a 100 million minimum in it and that's
1:45:50
just one trust not to mention and all the other trust that we we each have that we
1:45:56
create so there's no lack there's no nobody is left
1:46:06
out all are wealthy and all can have what comes from our
1:46:14
hands so it's $99 an ounce right now we
1:46:19
and we generally send about three ounces to each each with each shipment so we we we we record
1:46:26
it out as three three ounces at $99 an ounce it's not taxed and there's no you
1:46:33
know there's no tax no interest so it's
1:46:39
$297 for each one that goes out that's what we record and by dollars we mean
1:46:45
real dollars like gold dollars like Commodities dollars like moorish sovereign dollarium dollars real dollars un un
1:46:53
States Treasury dollars and the United States being the living United States
1:46:59
not the Dead one because we were always the States United anyway so Empress as you're
1:47:06
thinking about your your your pricing for the things that you send out is
1:47:12
handcrafted by the sovereigns so it must be high value
1:47:19
yes yes yes I so appreciate appreciate you thank you thank you so much because
1:47:26
because in the in the in the old times yeah I remember at some
1:47:38
time Empress we can't hear you if you're speaking I I don't know if you muted yourself okay I I remember pricing my
1:47:45
reading cards at $2 a card and the store that bought it from me sold it at $5 and

1:47:54
$6 a card yes and my friends were like
1:47:59
they robbing you and I'm saying know it I priced it based on what it cost me but
1:48:05
I didn't take into account all the costs like I didn't take into account my time for example and now I understand the
1:48:14
thing about my time so I truly appreciate the pieces that you offered
1:48:20
me about how to think about it thank you again yes empress and and just remember
1:48:27
this is the gods at Earth producing yes we are literally handing
1:48:35
out life yes with what we're doing
1:48:41
yes life
1:48:46
yes the Resonance of being a living being and put your energy into producing
1:48:54
something wonderful and then handing it out it's the gift of that yes see even
1:49:03
the frequency of your words from your cards Empress the frequency is high
1:49:09
resonance high frequency and see the people who receive it
1:49:16
no matter where they are they're going to be uplifted in frequency and vibration because this is true
1:49:23
in the old era that's what people said to me they said I have sent your cards
1:49:28
to Africa I have sent your cards to India it's what you say on them it's how
1:49:34
beautiful they are so yes I totally follow the conversation it's the energy
1:49:41
that you put into producing it see when you produced it you weren't you weren't
1:49:47
under the gun you were not anxious you didn't have any task Master saying if
1:49:53
you don't produce 500 of them in 5 minutes you're fir you didn't have any of that it was done out of love and just
1:50:01
out of you wanting to give willing to give and and and to and to Tribute to
1:50:07
others that energy that is within you yes and the and the beauty of the beauty
1:50:14
of now you're having a color bath while

1:50:19
you produce this so today and tomorrow is purple and yellow and it's so
1:50:26
wonderful when people receive it they go oh I just love that combination yes
1:50:32
that's why we say Empress that we have to clear our energy before we write something before we write our affidavits
1:50:39
and things because the energy that we created with is the energy that is going to be received with everybody that
1:50:45
touches it they're going to get that same feeling so be like even when I go to the post
1:50:51
office now to to to deposit uh things in the post office I stand right there in
1:50:58
the post office in front of the deposit box and and and I say everyone who touches this let them feel peace and
1:51:06
love and energy and light and brightness I don't care who touches it let them
1:51:13
feel that and then I put it in there and guess what they get where they're going
1:51:20
yes yeah thank you no
1:51:28
problem listen let there be light out from all of
1:51:34
us we are literally causing light to come into the
1:51:40
Earth after all the darkness that was previously
1:51:45
enacted that's why I say if you just go out I don't care what kind of tree it is
1:51:51
find out what the because every tree has a purpose find out what can be done with
1:51:57
those leaves find out what can be done with what the tree produces or the bush
1:52:02
or whatever it is dehydrated you know what we do is uh and
1:52:09
and this I got from one of our subjects one of the subjects uh before she sent something to us she said she gave it a
1:52:16
vinegar and water bath so she bathed the leaves in vinegar and water bath then
1:52:22
she dehydrated them and wrapped them in plastic and sent them and they were
1:52:27

delicious absolutely delicious from one of our subjects so you know uh any whatever it
1:52:36
is it can be for medicinal it can be for consumption not consumption for for for
1:52:41
ingestion to take in however listen if you all will to access your Estates you
1:52:48
will produce you'll produce don't say we didn't take you you'll
1:52:55
produce because everybody has something and this is this is what our ancestors when they put the story out about the talents
1:53:02
about how they gave each one of us a certain number of talents what did we do with those talents did we go up and
1:53:09
double and triple and quadruple and 100 fold and 1,000 fold those talents when
1:53:16
you tribute one seed out there you're causing trees to grow for Generations or
1:53:22
you're causing cells to be cleaned for Generations if people ingest the seeds
1:53:30
or whatever the case may be so our ancestors honor
1:53:36
that they absolutely honor that we are collecting thank you for
1:53:43
those who are putting their uh address and mailing locations in the
1:53:49
chat um
1:53:54
listen uh justice naan you're still in boxing if you if you want to put your
1:54:00
comments so that they can see it you then take it from mine and put it on
1:54:07
everyone so that those that you're speaking to can see it
1:54:13
Islam so that is uh what we're seeing
1:54:19
regarding uh those things called interest rates and all of that is that they'll go down as we
1:54:26
continue again we just have to do what our great she told us just keep doing what you're
1:54:32
doing our grand Sheik Taj when he talked about our courts and get get the courts
1:54:38
started he knew that we were going to prosper when we did that he knew
1:54:45

that that's why he's he he told he told us us uh myself and uh uh Emperor
1:54:53
chalae moor Bey and Emperor Sage Bey that keep get it going the courts going and
1:55:01
so you know we are the courts each and every
1:55:06
one of us alone you know sovereignly yes
1:55:11
together but each individual Sovereign is a court all by
1:55:18
ourselves so with that being stated uh those who are beginning their
1:55:26
merchant actions
1:55:33
uh there is
1:55:39
a process that we will to share with you
1:55:45
in the next Merchant meeting whenever that is you know it can be it have to be this Thursday it can be the following
1:55:52
Thursday or it can be next month Thursday the first Thursday of the month or however you choose to do it uh those
1:56:00
that are a part of the merchant class and I'm G I'm just going to call it what it is the merchant class and when I say
1:56:06
class I'm talking class in terms of wealth not that we aren't all wealthy we
1:56:13
are all wealthy the merchant class has a has a has a a wealth factor that is exponential
1:56:23
because we're tributing to the people so um we have a
1:56:32
process that that can be done we might even do it ourselves just
1:56:37
we don't it's it's not NE necessary because we have all that we will to have in terms of resources but it would be
1:56:44
another way in terms of if you will to collect many resources and we we may do
1:56:50
it anyway just because uh just for the sake of recording we may do this process
1:56:56
anyway uh the process and we won't share it now but we'll share it at the next
1:57:01
Merchant meeting the process is is regarding um it's the it's the same
1:57:09

process that oil companies use in order to say for example if they
1:57:16
if they want to get um if they want to purchase drills
1:57:22
their Oil Company because they think that there's you know they've done a little prospecting and they think they
1:57:27
found some oil on the land and they they say okay well we we need five big
1:57:35
drills so we need you know 50 million doll for these big drills so then they'll do a a particular
1:57:44
type of an offering where they issue certificates stock certificates and say
1:57:52
everyone who you know who wants to purchase stock in this company so that
1:57:58
we can get these this the these uh drills so that we can
1:58:04
drill um there's a way for that process to be done and I had not heard of it I
1:58:10
knew that it was a certain way to do it but I didn't I hadn't heard of it being
1:58:15
done this way because it's not something that they even put on the public record um Justice Harold when you say
1:58:23
section D what are you referring to because that's not what we have that's not what we have here but that's
1:58:29
probably part of it it's probably going to be part of it problem
1:58:36
EMP going back on my memory uh that's where at at the time
1:58:44
uh you could do have a private offering that's basically what it is private offering
1:58:50
but it would be with in that particular State and it's the uh what you call it
1:58:57
the uh SEC secure Exchange Commission
1:59:02
regulation D I'm sorry regulation D yeah regulation right right right right uh
1:59:08
you know some some do regulation K but for Commodities it has to be a specific
1:59:15
regulation which is different is that a commodity regulation
1:59:21
is regulation the Commodities regulation nobility um the restrictions on it um
1:59:29
I'm not sure but um from what I remember it was it was just a a corporate action it was

1:59:37
it was something you could do as a corporation um but uh this particular
1:59:43
I'm not sure of okay thank you for that we'll do the we'll do the we we will do
1:59:49
the the research on that and add that part to what we're speaking of
1:59:56
here and we'll share that with the merchants at at at our NE whatever the next Merchant meeting is uh uh Merchants
2:00:07
when are you do you will to meet
2:00:12
again shall we do it in 30 days Islam
2:00:18
Islam is I agree every first uh Thursday of the
2:00:24
month okay Islam Empress 30 days will be
2:00:33
after the launch because I think today is what the 23rd yeah uh no it wouldn't it would be
2:00:41
two weeks from now because this is February the first Thursday in March is actually like in a week and a half or
2:00:47
something like that isn't it right so if this is the
2:00:54
23rd we've got how many moor days five so 30 days is good that's what
2:01:01
I mean I was thinking that would be right at the launch then would it oh right right
2:01:09
right right right Empress right and it's a short month so we're missing two but
2:01:14
that's going to be right on the launch or so let's let's do it the the Thursday
2:01:20
before the launch the the lunch is the 20th 21st and 22nd right so let's yeah let's meet
2:01:29
that'll be the next Merchant meeting
2:01:37
yeah what date is that that's the 20 the 19th maybe let me just take a look the
2:01:44
20th it is the 20th so it's the day it's the day the first day of the of the LA
2:01:50
and you know what we can we can do that still we can still meet that day um yeah the 20th 21st and 22nd after off
2:01:59
first a day out s thing yes yes yes yes so on the

2:02:08
20th go ahead Empress no I was just affirming I think that perfect yeah so
2:02:16
on the 20th uh the day of the launch Justice
2:02:23
Harold the first day of the
2:02:28
launch oh okay Islam I thought you mentioned having a meeting the week
2:02:34
before the launch but okay Islam the first day of the
2:02:42
launch um I will say this too about about what we're doing
2:02:56
I can see and and this is just so for those who might be observing the same
2:03:01
things I can see the
2:03:08
departure of the the previous fraud it's because it's a process the
2:03:16
departure of the previous fraud and here's what that looks like ever since you know we started
2:03:24
doing our our Merchant actions here and
2:03:30
things um the weather has been going from one end to the
2:03:40
next uh so you know we've been seeing things like that like it's been it's
2:03:46
been raining for three days four or five days you know it's because we but but at
2:03:53
right around the edge of the sky we can see brightness right around the edge you know uh so we're
2:04:01
seeing the it's like the tentacles of an octopus moving away from something that
2:04:08
it was going to attempt to take as prey that's what we see it
2:04:14
as the fraud is is slowly well not slowly quickly leaving
2:04:22
and that's what it looks like in the spirit realm to us is those tentacles
2:04:28
are coming off of all of that all that belongs to us you know so with that
2:04:35
being stated there's something that's been placed in the chat to a clothing store uh do you accept Fiat for that for
2:04:43
that stuff for the things of about your clothing store
2:04:51

because we would we would actually and you don't have to answer that we would just actually ask that no links that
2:04:57
have anything to do with Fiat be placed in the chat because this is not that
2:05:03
platform um but if it's if it's things that you're that you're putting in terms
2:05:10
of the furthering of the Empire then absolutely yes put it in the
2:05:16
chat so and here's the thing those who have
2:05:22
businesses that you had previously and and all of that and and you were accepting Fiat and things like that
2:05:29
those businesses have to be
2:05:35
restated they have to be restated so that they are
2:05:41
accepting lawful and legal
2:05:49
money and then you have to stop accepting Fiat and start
2:05:55
accepting and the best way to do that and we'll just put it out there because it's it's it's a fact the best way to do
2:06:02
that is just to to go ahead and start taking your inventory and tributing
2:06:13
it I know that that is antithetical to what people are
2:06:20
accustomed to to hearing and doing because they think they paid something for the
2:06:25
stuff but that stuff has to be you have to go ahead and start
2:06:32
tributing it keep your records you have to do the same things that we're doing keep the records of where you send
2:06:37
everything send it properly restate it use the government mailing
2:06:43
location um thank you nobility he says no it's for the March launch for what I
2:06:50
have available March 2025 beautiful um so you have were you uh
2:06:59
hopefully you have the addresses where you can start tributing that to those who are on the address
2:07:06
list so Justice na yes yes uh I just got kicked out the
2:07:13

uh chat on my my computer because I wanted to show you something I can't do it on my phone so can you let me back in
2:07:20
sure thank you empress Shasha yes Islam I
2:07:28
um Zenoreya do I is your name on the the
2:07:36
list for wanting handcrafted and if so let me know what your Sovereign
2:07:43
appellation is so I can make sure I have your
2:07:50
information um there's a I believe that's a question in the chat is that a question or a
2:07:55
statement about the dollarium okay let
2:08:03
me it's a question yes so our trusts are nominated
2:08:09
in dollarium gold and silver so yes dollarium is being accepted
2:08:16
for when we so like when we record on our records
2:08:21
recorded as as gold silver or moor Sovereign dollarium and and not so much silver for us we just do gold and and
2:08:33
dollarium that's what our records are are nominated or
2:08:42
name just one moor question Islam
2:08:47
Empress oh when I when I redo the
2:08:55
Bitcoin what my question um do you record it in there in the in
2:09:05
the public record also you recorded uh if you well no because that's a that's a
2:09:12
that's a a personal account so for personal accounts what you would do is
2:09:18
just notify the uh uh the subject in the office of County court so just just
2:09:24
notify them okay thank you so for personal accounts that's what
2:09:32
they were calling private things that were quote unquote private we say personal because it's based on our
2:09:39
person that we own uh and then you just you just
2:09:45
notify the C the the subjects in the office of
2:09:50

County County yeah because you're the head
2:09:56
magistrate for the county okay it's
2:10:03
going so dollarium dollarium all of our any of our Commerce everything is nominated in
2:10:09
gold gold and Sovereign dollarium so when we send out the sees salt
2:10:16
that that value on the commodity card is
2:10:21
is a gold and dollarium uh
2:10:29
value okay yeah Islam and dollarium dollarium is a presentment where our signatures
2:10:37
are concerned okay and that's why we that's why we include dollarium and everything because of the signature
2:10:43
that's on it because we know that the signature was The Wealth anyway we're the real gold and our signature is the
2:10:51
real gold and the real money right we know that you know so
2:10:58
yeah yep we nominate everything in
2:11:03
dollarium are there any other questions comments wisdom from this amazing
2:11:10
Congress work your phone bill phone bill got cut off it did
2:11:16
shut yeah why did your phone get cut off go ahead
2:11:25
Justice Anthony okay gratitude run Rising
2:11:31
liar she's the
2:11:40
liar R Rising peace Rising love Rising onto all the Moors Islam yes impress um
2:11:47
is it possible you could help me um is Alive and
2:11:54
Well the is alive and
2:11:59
well all the love all the all the love wow Islam
2:12:06
nobility go ahead yes gratitude for helping
2:12:13
um um me with the link to a certain video I'm trying to find as it as that
2:12:21

could assist me in my research the the video is um the gold back funds transfer
2:12:29
David I wouldn't be able to put that in the chat right now but if one of the
2:12:34
Moors who knows exactly what he's referring to if you're willing to assist
2:12:40
him with that because it would require me to go to the thing and look through and and I I I do not will to use the
2:12:47
congress's time to do that so if anyone else would do that if someone else would
2:12:54
wouldn't mind doing that for him gold back funds transfer Aid yeah go
2:13:01
2:13:09
off Oh um cut off an empress I'm glad that came up let me say this that as you
2:13:19
begin to do do your Commerce uh there are some things that
2:13:25
that that are going to be done to to try and distract you and they try and keep you you know looking over there instead
2:13:32
of there uh such as with with the phone uh
2:13:38
this this uh cellular phone it's not cut off as you can see we we have uh access
2:13:45
and Internet all that stuff we have all of that um
2:13:54
but the minute we started sending things out there was an attempt to distract us
2:14:00
so we just we just said we're not even going to respond to it we gonna keep working and we just kept
2:14:06
working we're not nothing's going to stop us
2:14:11
period nothing's going to stop us
2:14:17
period so we don't care about shenanigans and and and and and
2:14:25
foolishness we're going to keep going we're going to keep going you're
2:14:32
insane it's Insanity because you're
2:14:38
Islam Islam We Are One Islam Empress I just wanted to share a couple of things
2:14:43
that came across my um Z site so I some
2:14:50
I saw something where the subject in the office of
2:14:55

postmaster Louie dejoy is stepping down he been going well
2:15:03
I mean we know he been going but I just thought that it was you know interesting that this was put out there along with
2:15:12
their codes now the other thing was the subject in the office of
2:15:18
prime minister here um speaking
2:15:24
of trade policy and their concern the real
2:15:30
Minister he's the real prime minister you ain't no
2:15:36
you ain't no government you ain't oh they love you they love you they
2:15:42
worship you Empress is that absolutely I I mean the worship is
2:15:48
real adoration yes and I just thought that was very
2:15:55
interesting how all of a sudden they're talking about trade policy and their concerns with regards to tr uh trade and
2:16:04
of course us with our trade launch National trade launch and all of those things so those were just some things
2:16:12
passing through my view that well you know Empress when they start talking
2:16:18
about things like that what I do i i i and and you you didn't ask me what I do but I'm just going to just for those who
2:16:25
who who are who are hearing when I when I hear things like that I already know that that they're
2:16:32
trying to send hints but they can't address us directly so I just listen and if if my spirit prompts me to to
2:16:39
research something or to look at a process I just look at it and see if you
2:16:44
know if if it's something we can add or whatever it's interesting because I
2:16:51
actually um a few days ago I was looking something up I can't remember exactly
2:16:59
what I was looking up but what came across in um the links that came up were
2:17:05
all related to trade policies yes that was not the search I put in but this is
2:17:12
what came up yes and was after our meeting actually um and so yes it was
2:17:20

today that this came up and the subjects
2:17:26
mentioned that they have or that there is um a an office of trade
2:17:37
negotiation and so you know that's the next piece I was going to have a look at that but it it's not
2:17:43
accidental um what's passing by my yeah yeah your purview yeah for for your for
2:17:50
your Sovereign filter to use and look at yes and that so I know it was I I took
2:17:58
the message yeah I heard the sound as it were so you're just affirming yeah what
2:18:05
um what I will to do yeah you know where I am oh go ahead Empress no let's finish
2:18:14
on that because I was going somewhere else for a little minute but finish one please um continue well I was say when I
2:18:21
see things like that right now I'm keeping everything as simple as possible and if it's if it doesn't just
2:18:28
absolutely have to be written up I won't I won't write it up for now I just make a mental note of it and keep it for
2:18:34
later but right now I'm keeping the writings as simple as possible so that I don't overwhelm you know and and and
2:18:42
we're far from being overwhelmed but we we're pacing ourselves so that we you know we send out affidavits as necessary
2:18:50
and then we're also doing our our Commerce as necessary also but but it's
2:18:55
as I'm seeing the information a lot of that stuff we've already put in writing
2:19:01
so I'm I'm I'm writing as necessary thank
2:19:09
you I'm staying there yeah we're in this for the for the long
2:19:16
for eternity so tasting we have time thank you for that so the other thing I
2:19:23
was going to mention state was um as I had shared with you going to
2:19:31
the uh to our post office and what transpired well it's it
2:19:39
interestingly and I know I have something else to do with regard to that that particular location has not been
2:19:48

open since say that again Empress are you saying
2:19:54
the PO the postal service was closed postal
2:19:59
agency has not been open since since when since the day I I
2:20:10
went to do a a demonstration and and they behaved in
2:20:18
the way they behave and I you know I took it on to three I sent six and um
2:20:25
and I know that I will to do some followup you know the
2:20:31
because they're in default of course they are but that location has not
2:20:37
opened since see people will lose they will they will lose their quote unquote
2:20:43
jobs for not doing what they're but that's and that's it they have to do what we tell them
2:20:51
that's it so yeah I um know that I have
2:20:57
some governing to complete there I just share that yeah
2:21:04
with yeah uh they have to do because because you're the postmaster
2:21:11
exactly and and if they're not going to do their job they don't even need to be there well that and that's the thing
2:21:17
they haven't been they they haven't been sorry I say it may open back up
2:21:26
later but right now and I'm seeing this and I was going to I was going to bring this up I'm seeing this on all at all
2:21:34
places there's there's a and we talked about this some years back we said that
2:21:39
there was going to be an interruption or a stoppage in things long enough for it to be put
2:21:48
properly restated properly we've already done the paperwork the
2:21:53
system is just now catching up where things have to stop and then start again under the
2:22:00
authority of the Moors now that I mean that could be but um let me share with the platform
2:22:07
actually when I went to make my demonstration delivery the woman the
2:22:13

subject behind the grill threw my package out on on to the ground
2:22:21
that was the day that you told about that previously that correct and then I went on to other made
2:22:30
other deliveries but anyway they it has not been
2:22:37
open well Empress you put you put it on the public record that that
2:22:43
happened and they're not supposed to do that that that's the thing I know I know
2:22:48
I have some some commands to make I mean it could
2:22:56
like you stated it could be that they're transitioning but um because in my mind
2:23:03
it needs to be open it needs to be the subjects in there need to fulfill our
2:23:10
commands and there's some other things it needs a box that's accessible 24 hour
2:23:16
247 as opposed to what there I mean one it's a one
2:23:22
room it's a one room but um yeah I just may I make a
2:23:29
suggestion yes so all the things that you're seeing
2:23:34
that it should be yes I would suggest that you just do a quick Court action on
2:23:40
your channel listing what it should be what it should look like and all the
2:23:46
hours and all of that put and just do a court action describing what it should
2:23:52
should be thank you yes that's the work I have
2:23:58
I know I have to do but putting it on the public on the platform like that is actually excellent and simple yeah
2:24:05
that's something you can just you don't even have to write up a whole deal about it just speak it on to the
2:24:12
record Yeah by Court action because see they don't they don't
2:24:18
know until we say so all law is specific we know that they can't keep
2:24:25
doing things the way they've been doing it they know that we know that we all know that so now we have to we must
2:24:31
State how it's supposed to
2:24:36

look you know what what you saying that what you
2:24:44
stated earlier about the intellectual property and how to reach out to others in those National
2:24:51
Association as well as the albions and subject status the other sister who said
2:24:57
that she was looking at some things as well with some of the stuff she doing and any other moor out there if they've
2:25:03
been willing to talk so we can kind of organize this thing and send it off to
2:25:10
them in a proper way because I'm I want to make sure when
2:25:15
I address it I address it from with the proper tone
2:25:20
yeah you know uh justice Travis you know you all can you all can do that but but
2:25:27
but what I'm hearing in my spirit about this process about these processes of of sending things out is that each one of
2:25:35
us is sending out something specific to us so listen to how your spirit says it
2:25:43
says get it out there and then get it out there according to exactly what your spirit says about it because none of the
2:25:49
rest of us know specifically what how when where why and
2:25:56
all of that about what you're doing but you know you know and the spirit knows and those that you send it to are going
2:26:02
to know too to just go ahead and get it out there we you know this is what I'm
2:26:09
hearing also and and don't take this the wrong way but because we're we're all doing this same thing we don't need to
2:26:15
have 30 moor meetings about getting stuff done just get it done just get it going get it moving get it out
2:26:23
there particularly where this Merchant piece is concerned I could have I could
2:26:28
have waited and gotten a lot of input on how the salt should look when it comes out there and all that the ancestors
2:26:34
said just go out there CU some of the salt that I sent out is in different type of container than I sent out to
2:26:41
other people just because I had to use what I have so the ancestors are

2:26:47
saying y'all don't need to do anything anything else but get busy you don't need to wait anymoor get busy you got an
2:26:55
estate to run get busy just go just do
2:27:01
it and then as we as we do it the improvements
2:27:08
come you know that's what the ancestors are saying is we we we we don't need to meet
2:27:13
a whole another year before we get things done you know get it done now we we have everything we we we need
2:27:21
everything that is necessary not that we need but that is necessary to get to get the stuff done
2:27:28
just go just to track just do it with what you have the first sea salt that I sent
2:27:35
out it didn't look as good as the ones that I'm sending out now the ones that I'm sending out now are are probably not
2:27:42
going to be as good as the ones I send out in in two months the ancestors are just showing us
2:27:49
how to how to do it how to improve it and and how to how to stay clean and clear with
2:27:55
it you know Islam Islam Justice yes um I
2:28:04
haven't seen anyone responded to my request about the video uh is it possible if I leave
2:28:13
my my email in the chat is it possible when you would have some time if you
2:28:19
will to if if you could um email it to me if you will to I'm not going to do it
2:28:26
and the reason the reason I'm not going to do it nobility is because that is absolutely something that you can do
2:28:33
yourself it's it and here's the thing when you tune in to the spirit the spirit is going to lead you straight to
2:28:39
the right information and if that information doesn't come and you're doing a
2:28:44
demonstration demonstrate with what you have we have to we that's I I will tell
2:28:51
you justice uh Anthony that we did not have

2:28:58
a manual by which to demonstrate we created it and we would encourage you to
2:29:03
do the same if you don't see the information that means the ancestors want you to come up with
2:29:09
it for your process for what you're
2:29:14
doing okayl yeah we had to do that you know no
2:29:20
one went in depth on the legal system as it were from a perspective where we use
2:29:26
our own affidavits and then we do and then we use um we nationalize logos and
2:29:34
things nobody ever talk to us about that except the spirit and we found that to be very
2:29:42
effective it works it works it works it works it works it works and so listen to
2:29:50
the spirit listen to your spirit your spirit will tell you if if it's something you're looking
2:29:58
for and I'll just use us as an example anything that we could not find along the way as we were doing Court actions
2:30:04
and and and standing our courts up and doing the things anything we couldn't find we just said okay well ancestors
2:30:11
when you're ready I know you'll show me that when you're ready you'll show me because a lot of this stuff wasn't out
2:30:18
there on the public record in the way that we put it out there we just had to do it that that does missing information
2:30:24
didn't mean you we got to pass on on doing on doing it the ancestors didn't
2:30:32
give us a pass on our court just because we couldn't see us getting to the place that we are now at the time but we had
2:30:39
to do it anyway so Justice Anthony I know that
2:30:46
you have an ancestral connection that is going to give you whatever
2:30:52
information that you feel you can get from that video if if you cannot find
2:30:57
the video yourself let the let the spirit lead you on what to do
2:31:03

next because with with or without the video you're still going to be a success you're still going to do what is
2:31:09
necessary the spirit might be telling you to go ahead and move now and they'll give you that information
2:31:15
later you know um are the
2:31:22
sons doing the Round-table meetings there's a there's a a a a question in
2:31:28
the chat about the round-table
2:31:35
meetings the ones that might uh Islam
2:31:42
nobility three of us got on the meeting and that's it last week I don't know why
2:31:49
nobody else got okay that's okay it should the three is enough three is enough to get it
2:31:56
started Islam um I sent an email to the to the um to the noble about the meeting
2:32:04
um I haven't received a response I I didn't even know that there was being
2:32:12
held but I was still like to participate I'm pretty sure that's the
2:32:17
case with with with many who who who may not have attended but I I why why he didn't
2:32:25
responded is I know that at the time um his Empress had an issue with the baby
2:32:31
and the hospital situation yeah I know that's why he didn't respond it but um I never knew
2:32:38
that um a meet that was being held after that yeah because I I never received a
2:32:45
response as a follower so Justice Anthony um Justice Odewalley w is right there
2:32:50
y'all can connect for the next meeting we would encourage you to continue the meetings even if it's only three of you
2:32:58
there we would en encourage you to continue yes we will we will yeah it's
2:33:04
important that that that you all stay connected like
2:33:10
that now our email this Anthony Islam
2:33:16
Islam I would leave my email in the chat
2:33:22

that's not the correct one by your name yes oh right that is okay that's right
2:33:29
and then Justice share what were you stating uh I'm in the
2:33:34
hospital you are yes uh pneumonia in RSV so uh but I had plan on being there
2:33:43
uh while trying to get connected I ended up in the hospital okay
2:33:50
well Justice Shari I believe okay we're we're sending you healing
2:34:00
energy Justice Shari we're sending you you healing energy we're sending you
2:34:07
uplifted Spirits energy and and all of that yes appreciate it will you keep us
2:34:15
posted also on on your release from the hospital because I know you will come come out of there yes I can do that
2:34:27
Islam um this is the time period
2:34:34
where and this is why it's so important too moors for us to go ahead and start
2:34:39
tributing as particularly the medicinal products to
2:34:45
each other it's
2:34:51
Islam Empress Noble Justice Shari are you on the
2:34:58
list for he put He put it in the yeah he put it in the chat a little earlier he
2:35:03
put something in the chat a little earlier shasha if you want to look back up at the chat remember I got cut out oh
2:35:11
that's right right right right maybe I'll put it back in there I'll go up and find it for you Empress thank so much
2:35:21
uh there are several of them that quite a
2:35:28
few um but I don't recall that one yeah he was in there Justice Shari put it in
2:35:35
the chat earlier it's it's there uh in light in
2:35:43
the Imp uh CH okay can you can you can you
2:35:48
send it to her again because she got she uh oh never mind Justice Shari I I see it
2:35:55
I'll send it to her wonderful thank [Music]
2:36:01
you I had uh selected her name from the uh from everyone and put it in there but

2:36:09
I guess it went uh to everyone yeah it went to everyone no it no it came to me
2:36:16
Justice Shari it came to me so if you don't mind Justice Shari if
2:36:22
you if you'll send it to Empress Shasha please thank you yeah I can do that
2:36:28
thank you nobility uh the technology is just doing what it want to do yeah you
2:36:34
you actually sent it to me about the sea salt no I actually didn't because on my
2:36:40
phone it says INF Shasha and it went to you yeah it it came to me because I'm
2:36:48
looking I'm looking at and it's it's it's like it's an inbox thing right I know exactly what you're talking about
2:36:54
okay okay yeah interesting because I've had and shasha did you get Justice
2:37:01
Willy's information as well yeah I got that from the chat
2:37:07
okay and I have to say I haven't had anything come directly to me today
2:37:16
I see Islam oh take it from
2:37:22
there Justice youtouy did you get did you get Justice youtouy information in for
2:37:28
Shasha uh I do believe so
2:37:34
okay that so today I
2:37:42
got and I'm going to read the um
2:37:47
Sovereign born app yes because some are still putting their
2:37:54
free chosen National name appellation John Quincy Bailey Stephen Alexander
2:38:01
Williams Harvey Anderson that's what I got
2:38:06
today okay let me just be sure
2:38:14
uh yeah those are the ones I saw as well Empress that's correct those are the ones I those are ones I have
2:38:23
okay uh and and uh yeah Empress if you'll just send those to us um the same
2:38:30
way that you've been sending the rest of them I thank you so much and then we have a list over here uh we're starting
2:38:37

to make lists of people around us of addresses around us as
2:38:43
well so we have thousands and thousands we'll reach our $500,000
2:38:49
uh I mean our 500,000 PE people list we'll have that list done in
2:38:56
no time which would which would be $100 million in sea
2:39:04
salt how many people came sir
2:39:12
500,000 when you think about that the the population for Seattle Al
2:39:19
is way moor than that so we can get to 500,000 people
2:39:26
really quickly and we will have pulled $100 million from the trust for
2:39:32
that piece of cake really piece of cake and even as we're
2:39:40
doing that other things are manifesting as well and again we don't have you know
2:39:51
we thought we started out with nothing we thought that's what we
2:39:56
thought we thought we had nothing in the enactment to even get all any all of this done but the ancestors are making a
2:40:01
way as long as we just know that this that we don't have to get everything done in one day to just Pace
2:40:11
ourselves it's a piece of cake we could we are wealthy just from getting up in
2:40:17
the morning taking a breath extremely
2:40:23
wealthy and and the there's a there is there are compartments in our
2:40:32
mind that have to there are those compartments there there are partitions
2:40:38
that have to drop so that we can see how wealthy we are those partitions are dropping so
2:40:45
quickly you know how they used to say that that you only use 5% of your
2:40:52
brain the ancestors partitioned the other just a minute everybody the ancestors
2:40:58
petitioned our our our minds off and as
2:41:04
we do certain demonstrations those partitions drop so we can see further so we can see

2:41:10
moor and um those partitions are dropping so that
2:41:16
we see access routes to further the Empire and to our to access
2:41:23
to our estate so if you if if if the fear
2:41:29
partition hasn't dropped yet just start demonstrating and it'll it'll go away
2:41:35
like that and then you'll be looking for ways to demonstrate that you wouldn't have
2:41:43
thought of a year ago or and things like that the partitions are it's like the
2:41:49
scales coming off of our eyes and we can see with each demonstration that you do
2:41:56
that's going to get clearer your vision gets clearer and clearer with each and
2:42:01
every demonstration so uh if there be nothing further at
2:42:10
this uh point from the Islam Empress
2:42:15
empress yamaya and then Empress ASA please forgive me but I just wanted to
2:42:21
mention that I received an email from um Empress Shasha
2:42:29
ambay and it was a video and it was asking me to download
2:42:37
you know put the video in um the drive but the video never played so I just
2:42:44
wanted to ask if she sent me that video it was probably the video from the
2:42:51
merchant meeting were you at the merchant meeting empress yamaya indeed
2:42:58
yeah that would be what it was and it was the link to it in the Google
2:43:03
Drive okay because it's such a large file it had okay all right gratitude if
2:43:11
it doesn't work let me know and I can resend gratitude I'll send you an email
2:43:18
is all right you know what Empress Shasha I could put a
2:43:24
private place on a personal place on my YouTube channel and put them
2:43:31
there that way you don't have to worry about drive space and then send the link to
2:43:38

that either or I mean that's entirely because I have multiple I just I have
2:43:44
multiple um Google Drives for different things
2:43:49
so okay if you have space then I won't do it because I'm I'm really
2:43:55
I I appreciate thank you just open a new
2:44:04
email yes Empress
2:44:11
Aisha I just wanted to ask if if anyone know new where you can order the little
2:44:18
bag bags that that tea is put in the little little bit of little fan
2:44:25
bag that you you know you drop in the water with the tea so Empress the way
2:44:31
that I don't know where to get those from but what I use for RT is coffee filters and I just cinched them I put
2:44:40
okay and that's really all it is is a it's a filter okay thank you you're
2:44:46
welcome Empress Navi then Justice kansu and then
2:44:54
Empress Shasha Empress Navi also you can also make those from um cheesecloth and
2:45:02
you can also um there are what do you call the the little spoon stirs so if
2:45:07
you don't even you really don't need the bags I like to use the spoon stirs or the little droppers you know you can put
2:45:14
it in the little you know stainless Ste little things you put in there it has side and a Strang
2:45:20
it and I was going to suggest for you know brother Tunis I'm going to make uh
2:45:25
an Infinite nationalized Creation right stamp to put on my things so instead of
2:45:35
a copyright you know do one for us as
